Thank You for Choosing First American Funds

U.S. Bancorp Asset Management, Inc. (USBAM) serves as investment advisor to First American Funds and has been managing fixed income assets since 1982*. USBAM is a direct wholly owned subsidiary of U.S. Bank National Association (U.S. Bank). First American money market funds are distributed by Quasar Distributors, LLC.

Our Mission

Our core strength and focus are managing investment grade fixed income strategies for institutional clients. We believe managing your money is a privilege that we seek to earn through trust, a mission best achieved through discipline and teamwork. Our compliance, risk management and our code of ethics are core to who we are and how we do the right thing.

At First American Funds we collaborate and propose solutions to deliver the results you expect from an experienced investment manager. We strive to accomplish this by collaborating with you to fully realize your organization's unique goals and objectives.

We work as a team with one purpose and one commitment – to be the fixed income manager you can trust for your investment needs.

About This Guide

We put this guide together with you in mind to make it easy for you to manage your investment account. We collaborate closely with our Transfer Agency, U.S. Bank Global Fund Services (Fund Services), to meet your unique investment needs.

*The firm began offering shares of money market funds to the public on April 9, 1982, through predecessor organizations.

ACCOUNT APPLICATION

New Account Application For Institutional Investors

We now have two options for the application process:

Option 1 – DocuSign Application

Our new account application is now available for DocuSign on the First American Funds website. [Shareholder Documents \(firstamericanfunds.com\)](https://firstamericanfunds.com/ShareholderDocuments)

Option 2 – Paper Application

Completely fill out the First American Funds new account application and fax the wet signed application to our Transfer Agency at **1-877-666-6015**. The new account application can be found here: [Shareholder Documents \(firstamericanfunds.com\)](https://firstamericanfunds.com/ShareholderDocuments)

Supporting documentation must include:

- A Corporate Resolution or a similar authorization noting all authorized traders.
- The Articles of Incorporation or similar proof of existence.
- Fund Services may ask for additional documentation.

If you have selected cash distributions and/or wire redemptions, you must provide one of the following:

- A wire transfer, to include the bank account to the Fund.
- Letter from an officer of the financial institution, on institution's letterhead, which provides account number, routing number, and account owner's name.
- Bank statement.

After you receive confirmation that the account is available for trading, you must complete the initial purchase by calling the **Transfer Agency's Institutional Contact Center (Contact Center)** at **1-800-407-7304** and executing the wire transfer prior to fund closing. Once an account is funded, trades may also be placed through DST Vision (DST Vision access instructions are on the next page).

Below are instructions on how to complete trades and wires:

- With the account number available, call the Contact Center at **1-800-407-7304** to place the trade prior to the fund closing time.
- Once the trade is placed this will allow movement of the funds from the bank account or the initiation of a wire transfer to complete your purchase.
- Complete the wire transfer prior to bank closing. 5:00 p.m. CT is the cut off to have the wire complete with U.S. Bank (*If bank is not U.S. Bank, please take into consideration your bank's rules and regulations regarding restrictions on wire transmittal times*).

New Account Application for Retail Clients

Option 1: DocuSign Application

Our new account application is now available for DocuSign on the First American Funds website. [Shareholder Documents \(firstamericanfunds.com\)](https://firstamericanfunds.com/ShareholderDocuments)

Option 2: Paper Application

The new account application can be downloaded from our First American Funds website. [Shareholder Documents \(firstamericanfunds.com\)](https://firstamericanfunds.com/ShareholderDocuments)

Paper applications should be processed with the U.S. Bancorp Investments Wealth Management Advisory Center at **1-800-888-4700** or Fund Services at **1-800-677-3863**.

Account Access for Institutional Clients

DST Vision Access

- For account access please visit www.dstvision.com
- If you are having issues logging in, please call our Contact Center at **1-800-407-7304** for assistance. For additional help, call DST Vision Hotline for general information at **1-800-435-4112**, Monday through Friday, 7:00 a.m. to 5:00 p.m. (CT).
- You must have at least \$100,000 in your First American Funds account(s) before access is granted. If you need access before you have funds in your account, please contact your USBAM Relationship Manager.
- Access is turned off after 180 days of inactivity.

Bloomberg Access

- If you want Bloomberg Access, please contact your USBAM Relationship Manager. This process may take up to one week.

Placing Purchases/Redemptions

Please note that the Funds' holiday schedule may impact this information. Please visit our First American Funds home page for the latest holiday schedule ([First American Funds Home Page](#)).

Institutional Clients

- To place a purchase or redemption by phone, call the Contact Center at **1-800-407-7304** and wire federal funds per the instructions found in the wire instructions below.
- Once an account is funded, trades may also be placed through DST Vision.
- **Redemptions** – need to be completed prior to fund close and once traded, the funds will be sent out via instructions on file. Redemption proceeds will be paid by the close of the Federal Reserve wire system (5:00 p.m. CT) the same business day. You will not earn a dividend on the day a redemption order is accepted.

Retail Clients

- To place a purchase or redemption by phone, call the Contact Center at **1-800-677-3863** and wire federal funds or Automated Clearing House (ACH) or check per the instructions by the shareholder. Class A Share users can use the Voice Response Unit (VRU) to buy and sell shares.
- Investments can also be sent in via mail with a check.
- Retail Investors can redeem via check/ACH or wire per instructions on the account by written request. For redemptions via the ACH system, a voided bank check or preprinted savings deposit slip (not a counter deposit slip) is required.
- We are unable to debit or credit mutual fund or pass-through accounts.
- If you are not sure about what type of account you hold, check with your financial institution to determine if it participates in the ACH system.
- Online trading is accessible for institutional clients – not retail.

Large Trade Notification for Institutional Clients

To effectively manage our funds liquidity, it is important, when possible, to notify USBAM of trades greater than **\$50 million**. Institutional shareholders/BDO's/Relationship Managers can do so by calling the First American Funds trade desk at **612-303-4900** or emailing them at usbam.short.term.desk@usbank.com. Please **copy** your USBAM Relationship Manager on the email, as it is important to inform them of these large trades.

When submitting a large trade notification, please provide the following information:

- Type of Transaction – Purchase or Redemption
- Class of Fund
- Name of Fund
- Amount
- Trade Date
- Estimated investment time frame for the money to stay in fund.

Interest and Dividend Accrual

Shares begin accruing dividends on the same business day that payment in federal funds is received by the fund. Dividends from net investment income are declared daily and paid on the first business day of the following month. If necessary, additional (e.g., long-term capital gains) distributions may be made for tax purposes. Dividends that are reinvested in additional shares begin accruing on the first day of the month.

Shareholder Options to Receive Statements

Statements are provided on a quarterly (default) basis and mailed to the address of record. You may also get the statements monthly via mail or email upon request. Statements are available online through DST Vision for you to pull yourself.

*The Net Expense Ratios are the total annual fund operating expenses after expense reimbursement for each fund as of the most recent prospectus. The advisor has contractually agreed to waive fees and reimburse fund expenses through December 31, 2025 (December 31, 2026 for the Class X shares of the U.S. Treasury Money Market Fund) so that the total annual fund operating expenses do not exceed as stated. These waivers and reimbursements may be terminated any time after December 31, 2025 (December 31, 2026 for the Class X shares of the U.S. Treasury Money Market Fund) by the advisor. Prior to that time, waivers and reimbursements may not be terminated without approval of the fund's board.

[First American Funds Performance Summary \(firstamericanfunds.com\)](https://www.firstamericanfunds.com/PerformanceSummary)

Money Market Funds Summary

Performance quoted represents past performance and does not guarantee future results. Investment return and principal value will fluctuate so that an investor's shares, when redeemed, may be worth more or less than the original cost. Current performance may be lower or higher than quoted. For current month-end performance information, call 800.677.3863. Performance assumes the reinvestment of dividends and capital gains.

The 7-day current yield is calculated in accordance with regulatory requirements and does not include capital gains.

Subsidized yields reflect fee waivers in effect. Without such waivers, yields would be reduced. Unsubsidized yields do not reflect fee waivers in effect.

Wire Instructions

U.S. Bank NA

777 E. Wisconsin Ave.

Milwaukee, WI 53202

ABA Number: 075000022

Account Name: U.S. Bank Global Fund Services

Account Number: 112952305

Credit to: First American (Fund Name, Fund Number, Investor Name, Investor's Account Number)

Below are the options to change the wire instructions on your account.

No Telephone Exchange/Redemption Wire Option

To add bank instructions on a current account that has no telephone exchange/redemption wire options, we need a signed Letter of Instruction (LOI) from an officer at your financial institution on that institution's letterhead which provides the account number, routing number, and account owner's name and a bank statement or canceled check. These are required before any proceeds can be wired to your bank account. Please fax the LOI to our Transfer Agency at **1-877-666-6015**.

Telephone Exchange/Redemption Wire Option (Two Options)

Option 1: To add or change bank instructions and you have exchange/telephone redemption wire options currently on your account, we need an **original signed LOI** which provides the account number, routing number, and account owner's name on the financial institution's letterhead with a Signature Guarantee or Medallion Signature Guarantee Stamp.

If a redemption or change of ownership of shares is **not** being transacted on the same day of the change, then a Notary Stamp would be an option in lieu of a Signature Guarantee or Medallion Signature Guarantee Stamp. Please note, if the Notary Stamp is used it needs to be from a financial institution (commercial bank or brokerage firm) and the stamp cannot be expired. If the Notary Stamp is used, you must include a business card or signed letter on bank letterhead.

Please provide a voided check/bank statement. Please note, if the same bank instructions are used to fund the account, then we won't need a voided check/bank statement.

Please mail the documents above to the Transfer Agency to the address below so they can be verified.

FREQUENTLY USED TERMS

Rule 2a-7: All First American Funds are managed to meet the requirements of Rule 2a-7 under the Investment Company Act of 1940.

1-Day Simple Annualized Net Yield: Is an annualized net yield in which it is assumed that the income earned on the principle is not reinvested in the fund. It describes the annualized income earned on that single day.

7-Day Current Net Yield: Is an annualized net yield in which it is assumed that the income earned on the principle is not reinvested in the fund. It describes the annualized income earned over the last seven days.

30-Day Current: Reflects the average of the 1-day current yields from the previous 30-day period. The 30-day current yield does not consider the effect of compounding.

30-Day Effective: Reflects the average of the 1-day current yields from the previous 30-day period, compounded daily.

Barbell: Is a bond investment strategy that concentrates holdings in both very short-term and extremely long-term maturities. This is also known as the “dumbbell” or “barbelling.”

Basis Point (bps): Is one one-hundredths of a percentage point. This term is often used in describing changes in interest rates. For example, if a bond yield increases from 1.50% to 1.88%, it has moved up 38 basis points.

Daily Liquid Assets: Cash, direct obligations of the U.S. government, or securities that will mature or are subject to a demand feature exercisable and payable within one business day.

Duration: Is a measure of a security’s price sensitivity to changes in interest rates. Securities with longer durations are more sensitive to changes in interest rates than securities of shorter durations.

Federal Funds Rate (Fed Funds Rate): Is the interest rate at which a depository institution lends immediately available funds (balances at the Federal Reserve) to another depository institution overnight.

Federal Reserve (Fed): Is the United States central banking system. It is comprised of 12 regional central banks, known as the Federal Reserve Banks, which are owned by private banks. The Fed is governed by a seven-member Board of Governors, who regulates interest rates, availability of bank credit and sets other monetary policies such as legal reserve requirements for banks. Inflation is defined as a sustained increase in the general level of prices for goods and services. It is measured as an annual percentage increase. As inflation rises, every dollar you own buys a smaller percentage of a good or service.

Laddering: Is a technique for reducing the impact of interest rate risk by structuring a portfolio with different bond issues that mature at different dates.

LIBOR (London Interbank Offered Rate): Is the interest rate at which banks can borrow funds from other banks in the London interbank market. It is the world’s most widely used benchmark for short-term interest rates.

LIBOR Rates: Are rates that the most creditworthy international banks dealing in Eurodollars charge each other for large loans. The LIBOR rate is usually the base for other large Eurodollar loans to less creditworthy corporate and government borrowers.

Maturity: Is the date on which the principal amount of a note, draft, acceptance, bond, or other debt instrument becomes due and payable. Also, termination or due date on which an installment loan must be paid in full.

Maturity Date: The date used in calculating a fund's weighted average maturity as defined under Rule 2a-7. Generally, it is either the date on which a security's principal amount must unconditionally be paid, or, in the case of certain instruments, their next interest-rate reset date.

SIFMA: Is the Securities Industry and Financial Markets Association, a United States based trade group representing banks, brokerages, and asset management firms.

Secured Overnight Financing Rate (SOFR): Is part of the LIBOR reform introduced this year by the U.S. Alternative Reference Rates Committee. For the U.S. rate market, SOFR is calculated using actual transactions in repurchase agreements collateralized with U.S. Treasuries and not with 'predictive transactions' as with LIBOR.

Treasury: Is negotiable debt obligation of the U.S. government, secured by its Full Faith and Credit and issued at various schedules and maturities. The income from Treasury securities is exempt from state and local, but not federal, taxes.

Subsidized Yield: Reflects fee waivers in effect. Without such waivers, yields would be reduced.

Unsubsidized Yield: Does not reflect fee waivers in effect.

Variable Rate Demand Note (VRDN): Is a debt instrument that represents borrowed funds that are payable on demand and accrue interest based on a prevailing money market rate, such as the prime rates. The interest rate applicable to the borrowed funds is specified from the outset of the debt and is typically equal to the specified money market rate plus an extra margin. Also referred to as a variable rate demand obligation (VRDO).

Weighted Average Life, also known as Weighted Average Final Maturity (WAL): Is the average time to maturity of all the securities held in the portfolio, weighted by each security's percentage of total investments. Unlike WAM, the WAL calculation considers the final maturity date for each security held in the portfolio. WAL measures a fund's sensitivity to potential credit spread changes.

Weighted Average Maturity (WAM): Is the average time to maturity of all the securities held in the portfolio, weighted by each security's percentage of total investments. This calculation considers the final maturity date for a fixed income security and the interest rate reset date for a floating rate security, which is allowed by Rule 2a-7 provisions. WAM measures a fund's sensitivity to interest rate changes.

Yield Curve: Is a line tracing relative yields on a type of bond over a spectrum of maturities ranging from three months to 30 years.
