## WHAT WERE THE FUND COSTS FOR THE PAST YEAR? (based on a hypothetical \$10,000 investment)

Class Name	Costs of a \$10,000 investment	Costs paid as a percentage of a \$10,000 investment
Institutional Class	\$39	0.36%

## HOW DID THE FUND PERFORM LAST YEAR AND WHAT Affected ITS PERFORMANCE?

The Fund uses a multi-manager approach, allocating assets to one or more sub-advisers and may also allocate assets to third-party mutual funds and ETFs. The Fund utilized the following sub-advisers as of September 30, 2025: Aristotle Atlantic Partners, LLC (Aristotle Atlantic) and Putnam Investment Management, LLC. The Fund also held positions in the iShares Russell 2000 Growth ETF, PIMCO RAE US Small Fund and Schwab U.S. Large Cap ETF.

The Fund returned 16.80% for the year ended September 30, 2025, underperforming the Russell 3000 Index benchmark return of 17.41% for the same period. The underperformance was primarily due to manager selection as former sub-advisers Vaughan Nelson Investment Management, L.P. (Vaughan Nelson) and Jacobs Levy Equity Management, Inc. (Jacobs Levy) underperformed during this period. Vaughan Nelson underperformed due to underexposure to the Magnificent 7 and negative stock selection in other areas. Jacobs Levy underperformed due to its persistent value and smaller size bias, as growth and larger market cap outperformed. The allocations to both Vaughan Nelson and Jacobs Levy were transitioned to other sub-advisers during the period. The Fund experienced positive manager selection from the allocation to Aristotle Atlantic, which outperformed the Russell 3000 Index benchmark due to positive stock selection in information technology, health care, communication services, and industrials.
